

Woodland make-believe

Use your imagination and make up stories about woodland items

Keep your eyes peeled for interesting natural objects.

When you find one, describe it to your friends – but don't say what it really is!

Woodland make-believe

Instead of a feather, say you spotted the sail from an ant's windsurfer.

Rather than twigs, say you found the claw from a woodland oak dragon.

Now make up a fantastical story using what you found.

Feel free to copy and share this for personal and educational use – and don't forget there are loads more brilliant activities to download on our website!
